HONGDEFA MACHINERY - MACHINE SHOW

The core technologies of our group are in the filed of maize mill process engineering, with European technology, South Africa maize process, China flour process, roll out unique and innovative maize flour processing line

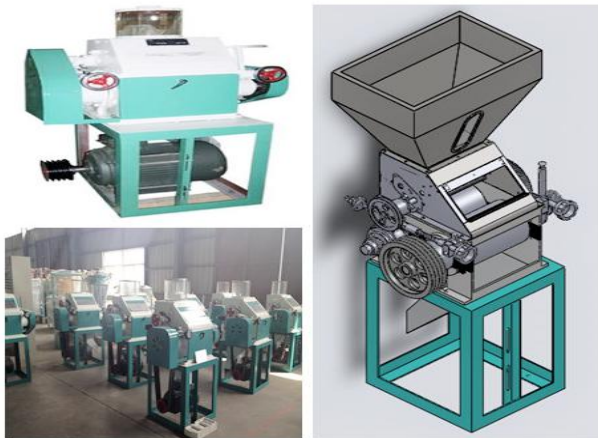

High Standard Quality maize mill machine

Advance roller stands

PLC Touch Screen control system

Stainless steel pipe where contact with the material

1. Roller Mills

2. Roller: Two different alloys with a mixing ratio allow the perfect balance to be achieved between hardness and roughness.

SHI JIA ZHUANG HONGDEFA MACHINERY CO., LTD

Address: No.388 NORTH JIANHUA STREET SHIJIAZHUANG, HEBEI, CHINA.

Post Code: 050034 Tel: 0086-311-85528086 Fax: 0086-311-8791006

3.Degerminator :

Dry degermination with low fat content. Combined with Buhler and Satake Technology.

4.Dampener:

Stainless steel. Bi-directional screw, Prevent free water, an intensive Intermixing

SHI JIA ZHUANG HONGDEFA MACHINERY CO., LTD

Address: No.388 NORTH JIANHUA STREET SHIJIAZHUANG, HEBEI, CHINA.

Post Code: 050034 Tel: 0086-311-85528086 Fax: 0086-311-8791006

5. PIPE: stainless steel in milling section

6. Touch Screen Control System

From the screen can see all the machine running details, and can operate all the machine, from the computer screen can see the output everyday, and it show the extraction rate.
